Sweet Escape.

I got the title from Gwen Stefani's 'Sweet Escape' song.

I tried to come up with some titles related to sweets, but they were kinda... not related.

But at least they went on a Sweet Escape (well, honestly speaking, it was not that sweet).

And for some reason, there are no sweets on the opening pages..

Incidentally, we were deciding which would be the final piece to this series (we plan to make 5 parts.)

I think Momoya's popularity has gone up.

Thank... goodness...! And for some reason, I lengthened his hair... just for some variation... yep... or maybe his hair was just too hard to draw.

Momoya

"He's the most popular
guy so far!
Thank...goodness...!"

"This isn't really part of the
story, but...
when I was fixing the canvas over,
it seemed that Momoya's ears
were too small..."

The editorial department said
"If we're talking about
MOMO-yan, it's gotta be the
ears" and they kept pointing out
the ears...

So... I made
the ears bigger
